

Round Table Discussion

Local League Meeting - July 17th, 2018

Attended by:

Rick Quinn, President

Chris Mahon, Local League Director

Dave Garagan, OMHA Director

James Cox, Ice Time Director

Danielle Villeneuve, Secretary

Parents: Kevin & Jenn Harris, Kendra Allcock, Perry & Donna Lashbrooke, Bill Moffatt, Brad Herbert, Trecia Harley, Wren Mann

Rick - Introduction and welcome

Chris intro and how things will go. Names of parents, let us know your issues/why you are attending.

After introduction, there were four main Issues that needed to be discussed

1. Practice Times
2. Travel (to Haliburton)
3. Coaching
4. House League vs Local League

1. Discussion on practices / Ice Time

Many would like to rotate the times to avoid being stuck with same late/early times each week

- a. Rick - hard to do and make schedules for other activities if times are changing. Other issue is people showing up at wrong time, but we have the website to help with that. Rep teams tried it because 4pm practice is hard to get to, but it can be difficult and there will be a lot of people who don't like it. Also, there's no reason teams can't join together for practices if needed, but Chris clarified that didn't work in the past for the older age groups.
- b. Might help to have team managers or parent liaisons to pass on the info from coaches and the Board to parents. Midgets- maybe not as much practice, more scrimmage, not sure.
- c. Chris - assuming ice time will be similar to last year, but there will be some changes. Rep Midgets may be able to go to Humphrey this year, may have changes with Friday nights. Wednesday in town will be Rep again.
- d. Chris - will try to rotate. Maybe just rotate the teams with the same age group (Peewee with Peewee etc).
- e. James - practices - ice time - using every bit of ice we can get in the area, to get on more we'd have to share the ice. There's only so many hours available. There should be some extra ice in Humphrey - but will local league parents be okay with that? Also remember the budget for ice time. last year \$90,000 on ice and again this year already at that number.

- f. Chris - for 2 years we had LL and house league - which was lots of ice - lucky year for some families, one parent said there was ice time that year to accommodate - where did all that time go?
- g. Chris - Rep teams are on the ice an awful lot. 2 hours practice time, I don't think it's fair.
- h. James - happy to put it in if we can. sharing ice is best bet. Parents talking about missing ice time they were promised when voting on Local League.
- i. Rick - trying to keep local league in town as opposed to Humphrey.
- j. Some were will to practice in Humphrey even if people complain, same as a game, James clarified that we are not trying to save money on ice.
- k. Parents asked about having a practice before the first tournament of games. In the past - house league had a tournament early and assigned kids to teams based on the results of the tournament.
 - i. James - may be able to have 1 practice before - maybe in Humphrey.
 - ii. Parent Question: If we don't do the tournament, how do we make sure teams are balanced this year?
 - 1. Coaches rank players and split the players, similar to draft style. Seemed to work last year and teams were well balanced.

2. Chris - Travel Games

Highland Storm games, some parents okay with it and some are not.

- a. MPS Local League Board of Directors are trying to organize double headers half-way between Parry Sound and Haliburton. It is going to be hard to schedule all teams this way. Trying to use Baysville, Braceridge and Gravenhurst. South Muskoka has offered it. Means an early 11am game, and then playing the same team again on the same day,
- b. Possibility of interlock games. Explained what that means, We may be able to play Coldwater instead. Keeps games closer. Not going to make everyone happy but the Board is working on making it better.
- c. Possibility of playing double header in Haliburton, and then in Parry Sound.
- d. Some parents were ok to do just one game half way but on different days.
- e. Another suggestion - schedule Haliburton before the snow flies if possible

3. Coaching

- a. Club has posted coaching applications with a form, currently have 12 applications.
- b. Organizing a committee for selection and will do coaching interviews.
 - i. New this year, gives recommendation to the Board and it is voted on for approval (same process as Rep coaches).
 - ii. Questions to be asked will be the same as what Rep uses but modified for Local League
- c. Parents agreed they need to have coaches in place so they can book tournaments and need to be done before scheduling.
 - i. Chris - difficult because 40 percent of kids will try out for Rep and those parents don't apply for coaching.

- d. Chris - hoping that Managers will be a help with scheduling and communicating with parents.
- e. Can't book tournaments if the coach doesn't want to go.
 - i. Parents want equal tournament opportunities between teams.
 - ii. Managers may help with this issue.
- f. Chris - There is no guarantee that a coach from last year won't be there again.
- g. Rick - The club needs more interested coaches.
- h. Chris - even parents who don't know anything about hockey can get their coaching certificate and be the head coach and then get help with practices
- i. Danielle reminded the group that the Board members are mostly parents too, and want the best for all the kids.
- j. Clarification on complaints - use LL director, secretary, and suggestion email on website. Managers will help bring issues forward as well.
- k. Rick - more coaching clinics this year, in place of a development coordinator, to help out the coaches, more to run practices, practice plans, etc..
- l. We do need coaches that is number one. A suggestion is like what the Novice Rep team is doing this season - co-coaching. Assistant coach can sign game sheets if head coach is not on the bench. Can have 5 on coaching staff on the OMHA roster and any coach in Parry Sound organization can coach any team as needed.

4. House league vs. local league.

- a. Chris - Local League is House League in Parry Sound. We are forced to go out of town to play other LL teams because our centre is too small.
- b. Out of 203 associations in the OMHA - 75 % have gone to Local League, of 25% not in local league - only 3 centres come close to Parry Sound in population. Acton, Manitoulin Island and Newcastle. (See table below)
- c. These centres have bigger registration numbers. In the Atom division, Newcastle has 3 house league atom teams, acton has 4 atom teams, and Manitoulin has 6 atom teams. Parry Sound has the numbers for 2 atom teams, but not even enough for one Novice team.
- d. Could have house league if there were more registered kids, At atom level, we can't run a house league with 2 teams.
- e. One parent thought mixed age groups was awesome. Helps kids, older helping younger.
 - i. Rick - kids used to quit because they didn't like mixed. Trying really hard to develop the club.
 - ii. Parents discussed the mixed ages from our old house league format. Most were against the mixed ages.
- f. Mite tyke program..... 65 new kids last year, trying to build the numbers.
- g. As much as Local League is competitive, we've got to pick the coaches that rotate the kids. For example, no benching kids, rolling lines, etc..
- h. Danielle - not going to make everyone happy, but we need to work together to make the best of what we have.
- i. Rick - that's why we are having this meeting, to discuss and hear.

- j. Parents all agreed that cost is prohibitive. All agreed it is expensive. Fundraising will help if we could get the volunteers to run events. Interested volunteers should advise the Board.

Meeting ended on a positive note.
